

**\$40,000 SENT  
BY GOV. LOWDEN  
INTO MISSOURI**

### Checks Laid Before Committee by Managers

TOUCH OTHER  
STATES ALSO

WASHINGTON, June 1.—  
Checks aggregating \$40,000,  
sent into Missouri by the man-  
agers of Governor Lowden's

campaigns were presented today to the senate committee investigating campaign expenditures. The checks were laid before the committee by Arthur Davis of Harrisburg, Ill., at the direction of L. L. Emmerson, national manager of the Lowden campaign.

Primary contests in other states also were touched on. The committee sought further information on the campaign of Major General Wood in Michigan and Indiana and the contest between General Wood and Senator Harding in Ohio.

In its inquiry into the Lowden campaign in Missouri, the committee questioned Nat Goldstein of St. Louis and R. E. Moore, Republican delegates, who testified they each had received a check

for \$2,500 from the Lowden campaign fund. Both said the money still was held to their account and would be returned, unless Governor Lowden were nominated, then it would be used in the campaign.

J. B. Babler, national committeeman from Missouri, whom Goldstein and Moore designated as the one who transmitted the checks to them from Mr. Emerson, also was questioned. E-

W. Morse, head of the Louden organization outside St. Louis, testified he had received by check from Mr. Emerson for approximately \$32,000 and expended it in "getting out the workers."

Babler got \$17,000, he said, to reimburse him for similar expenditures.

Both Moore and Goldstein testified to having received the checks from Babler with no specific instructions.

"Was it a pretty hard job to get Moore and Goldstein to take this money?" Chairman Kenyon asked Babler.

"Well, I was very anxious about the St. Louis situation," he replied. "I wanted to get them to get out of St. Louis as soon as

Morse and Babler gave from memory lists of state "workers" to whom they had distributed the money. The amounts ranged from \$100 to \$300, but in some instances went over \$1,000. Babler, in explaining large items, said they went to men who had "hard fights" ahead.

Morse said there were national delegates, including William E. Cole, a delegate at large. The witness said he had given Cole \$500 for "headquarters" purposes.

Senator Kenyon called atten-

tion to the fact that pre-  
liminary showed Cole had received  
\$1,250 to "sound out" sentiment  
for Harding.

"Here is a delegate at large  
with \$1,250 Harding money and  
\$500 Lowden money," said Sena-  
tor Kenyon. "Who is third  
choice?"

Cole was ordered subpoenaed.  
Additional information as to  
the Wood campaign was  
presented by F. M. Alger,  
of Detroit, who said he had  
personally contributed \$50-  
000 of the \$54,000 Wood fund  
raised and expended in the state  
and already in the committee's  
records. He had also expended  
personally, he added, \$22,000 or  
\$23,000.

"I was proud to do it. I would

Alger said he had first intended to seek subscriptions, but when the first "unjust talk of a conspiratorial financial ring be-

He said he expected no returns. One feature of the Missouri situation was the statements of Morse and Babler that when the Lowden project was first mentioned to them they believed no element had "crystallized for Lowden in Missouri."

Both said they had favored the candidacy of Senator Johnson "as long as he had a chance." Babler added that in December or January of this year when the Lowden matter was taken up he did not believe Johnson had a "chance," which influenced his action.

**WOMAN POISONED AT CHURCH PICNIC.**  
 Urbana, Ill., June 1.—Thirty women were made ill and between 5 and 20 are under the care of physicians as the result of eating chicken sandwiches at a church picnic last Friday evening. None of the women is in a critical condition.

The Volstead bill has received favorable action in the national house. No, this does not refer to enforcement of the prohibition law, but does give to farmers the right of collective bargaining. The measure, while important, is not likely to receive anywhere near the attention that has been accorded the enforcement act bearing the name of the same congressman.

The new president of Mexico declares that he realizes if his country is to make any real progress that relations must be kept friendly with the United States. That is the most statesmanlike statement that has been heard from a Mexican leader to these many days. If the new president means what he says and has the necessary forces to keep his theories in effect, there is hope for Mexico.

The city council has proposed what is a very high license fee to carnival companies by comparison with the fee that has been in force. It is possible that this increase in price may make most of the companies give Jacksonville a wide berth. If this happens Jacksonville will not be the loser. The wonder is that carnival companies can continue to exist year after year. If anybody has discovered any real value in them, any contribution to public well-being, that fact has not been advertised.

Burlington, Iowa, is one city where census figures have shown a small loss within ten years' time. However, the city does not seem to be worried by these figures, for there is plenty of evidence to prove that there have been large increases in population outside the city limits, that extensive building operations are under way and that new industries have developed in the ten-year period.

With these things to think about, it is no wonder that Burlington citizens refuse to be worried or discouraged by the census report. Evidently census returns are like so many other figures, they really prove nothing.

It has now been shown that the excess profits tax, while on the surface furnishing a splendid means to increase the government revenues and to keep profits of the capitalists within bounds, is really contrary to the interests of the consumer. The fact is that the consumer is paying this excess profits tax several times over in the higher prices that are

charged for the things he buys. An amazing summary of the situation shows that in some instances the excess profits have been charged in as a production cost. Then the wholesaler, jobber and retailer have followed the same method of figuring so that it can easily be seen what has happened to the article and the price attached by the time it reaches the poor consumer.

It is said that Gen. Wood and Senator Johnson may take personal charge of their floor campaigns in the Republican National convention. Such a course would be an innovation indeed. The old theory was that the candidate must await the outcome with dignity in some place apart from the convention hall, preferably in another city. It may be that the old plan purposed to give the idea that it was a case of the office seeking the man.

Certainly the presence of the general and senator in charge of their own fighting forces will add very materially to the picturesqueness of the convention, which already promises many features out of the ordinary.

**THE DESERT**  
I crossed the desert in a car that Mr. Pullman made; it rolled without a jolt or jar, in bright green plush arrayed. And when I wished to sleep at night, and rest my drowsy head, there came a porter, most polite, who tucked me into bed. And to the dining car I went three times a day, at least; beneath large trays the waiters bent, and brought a gorgeous feast. The train was full of dames and men who grumbled all the time; they'd never come out there again—the desert was a crime. It hurt their eyes to view the sand, and watch the hills of stone; and everything their anger fanned, and they put up a groan. And I recalled the pioneers who blazed the path that way, and sternly whacked their mules and steers through burning sand all day. They only halted in their stride across that waste accursed, to plant some fellow who had died of heartbreak or of thirst. I wished those mighty men of old could board that gorgeous train, and there some moving discourse hold, of tragedy and pain; for that might shame the staid men, and rat, enameled dames, who sighed and swore and sighed again, and called the desert names.

## Matrimonial

**Schryk-Wyatt.**  
A pretty wedding occurred Tuesday morning at 11 o'clock at the Christian church parsonage. Rev. Pontius officiating. When Miss Gladys Wyatt became the bride of Mr. Stephen Schryk, both of this city.

The bride was neatly attired in a traveling suit of blue chiffon broadcloth and wore a corsage bouquet of pink roses and presented a very pleasing appearance.

She was born and reared in this city, attended the public schools, and has many admiring friends. The groom is well and favorably known here. He attended a school of desigining in Europe, and at a later period worked for Hart-Schaffner & Marx of Chicago. But for a number of years he has held a responsible position with J. Capps & Sons, where he has won the esteem of all with whom he has come in contact.

The couple were attended by Miss Carolyn Kramer and Frank Cicero. A three course dinner was served at the bride's home following the ceremony to immediate relatives and a few intimate friends.

Immediately after the ceremony the young people left for a short honeymoon trip to Chicago and upon their return will be at home to their friends 328 West Court street.

**Seller-Sumpter.**  
Charles L. Sellers, 408 East Lafayette avenue, and Miss Gertrude Sumpter, 534 South East street will be married this morning at 8 o'clock in the church of Our Savior. Father Cahill will perform the ceremony.

They will be attended by Miss Elizabeth Hegarty and Frank Casey. The bride will wear a bridal gown of white crepe de chine and veil and will carry a bouquet of bride's roses. The Maid of Honor will be attired in blue organdy and will wear a blue picture hat to match, she too will carry roses.

Following the ceremony the party will be entertained at a wedding breakfast at the home of the brides mother, Mrs. Maude Sumpter, 414 South Clay avenue. The house will be decorated in pink and white. The wedding party will consist of about forty guests.

At 5:30 o'clock this afternoon the bride and groom will depart on their honeymoon, they plan to visit Buffalo, New York and return to Jacksonville in the middle of the month. They will reside on South Clay avenue. The groom is a boilermaker at

the C. P. and St. L. shops and the bride has been for some time employed by the Jacksonville Tailoring Company.

### REV. W. H. MARBACH DELIVERS ADDRESS

Gave Commencement Address to Graduating Class of School for Blind—Subject was Life's Open Windows—Program One of Interest.

Rev. W. H. Marbach delivered the address to the graduating class of the Illinois School for the Blind in the chapel of the institution Tuesday evening.

The subject Mr. Marbach took was "Life's Open Windows." It was an able effort and heard with close attention by the class and the audience which gathered for the program. Some of his thoughts are given.

On this happy occasion of your commencement of life's greater education it may be well for us to remind ourselves that the idea of education has changed considerably within recent years. Time was when education meant the filling of a vacuum with that which we call knowledge. Just as a pail is filled with water so it was thought that a young man's head was filled with facts and figures.

The Old Jews had that idea, for in the Talmud four classes of students are described. First, those who like a sponge absorb good and bad alike. Second, those like a funnel, who receive at one end and let out at the other, in one ear and out the other. Third, those like a strainer, who allow the precious wine to drain thru but retain the scum. Fourth, those like the sieve, which lets the dust and chaff drop thru but retains the wheat! The whole idea of that kind of education is that a vacuum is filled.

Get Something Out of Life. Today we recognize the fact that real education is not pouring something into a life but drawing and developing something out of the life. As the word itself indicates it is, the educating, the drawing out of latent possibilities and potentialities in the life.

Real education is the keeping of ones windows open toward all that is in this world. Someone has said, "Education is the best use of the best means for the best ends." So as you go on and on

thru the years that are allotted to you open your windows to all that is best in life.

Open the windows of your soul toward the beauties and wonders of Nature. Walk in the fields with the botanist and with the poet. Open your windows toward the brooks and streams, fields and meadows. Learn the songs of the different birds. Walk with such descriptive writers as Thoreau or Charles Audubon, spend some time with Ruskin or with Burroughs.

The Value of Friendship. Open the window of your soul to Human Nature as well as to Nature in the fields and birds and flowers. In this connection let me remind you to get and cultivate and to keep friends. Bacon said "a man dies as often as he loses his friends."

Keep your windows open toward the Work. Men have often talked about the original sin of man. My guess is that man's original and besetting sin is that of laziness. Aspiration is a fine thing, but aspiration without respectation is like rowing a boat with one oar.

Keep your windows open toward the rising sun. By this I mean, go thru life as an optimist. Keep on the sunny side of life, knowing all the time that "there is nothing so bad that it might have been worse."

Keep your windows open toward Jerusalem. By that I mean just what was meant when it was said Daniel kept his windows open toward Jerusalem. For Him it meant God. Keep your life open to religious influences.

The program was as follows: Preface. Marche Religieuse (Guilmant) — G. W. Gerlach. Invocation.

Violin—Sonata, No. 6 (Handel)—Harold A. Wright. Address—Life's Open Windows—Rev. W. H. Marbach.

Voice—The Life of a Rose (Song Cycle) (Liza Lehmann)—Genevieve Pastureczak.

Presentation of Diplomas—Mrs. Louise B. Inglis, Principal. Piano—Rhapsody, No. 2 (Liszt) Claude Rynders.

### WOMAN'S COLLEGE YEAR HAS AGAIN CLOSED

(Continued From Page One.)

happened more voices of prophetic men than women. Steadily the persuasion grew that the dignity and value of personality inhered in something that was sexless—that a person is a person—that the music of the inner spirit may be expressed in tones masculine or in tones feminine—but that the bass is no more music than the soprano; that indeed the richest music is found in the harmonious blending of the tones masculine and feminine.

"We expect woman to be not another man but other than man. We wish to expect, first, that you keep your distinct feminine charm and by charm I mean the outer winsome envelope of personality. Such opponents as there have been to woman's functioning in public ways have always played upon our dislike of woman."

It is a woman's duty to be a woman, to be a woman of modesty and staid voice and affection of masculine habits. No, ladies, what ever you do, wherever duty may lead you to appear—keep the grace and the charm of your womanhood. The outer token of that will be seen in your bearing and apparel. And here the American woman is greatly helped of nature, for I dare affirm that there are no women so good to look upon nor with such a native aptitude in carriage and dress as the American.

In Woman's Sphere. "Again we expect you to occupy the highest levels of the life of the soul and to influence us always to move toward the heights. I have already said woman is not a developed man. She has always stood out as peculiarly endowed with spiritual quality. Her loyalties to truth and the ideal are unquestioned. "Not she with traitorous kiss her Savior stung, Not she denied Him with unholy tongue; She, while apostles shrank, could danger brave, Last at His cross and earliest at His grave."

"To her has been given both spiritual discernment and a spirit of reverence, an instinctive sense of the presence and value of the Divine. We look to you, therefore, confidently to be the geographers of the uncharted lands of life—the pathfinders in that highest and widest adventure of the soul, the discovery of God."

"With this keenness of Christ vision and ready response to the Heavenly in the inner life we will expect you to have equally quick vision of human need and with vision, ready sympathy and sacrificial helpfulness to meet that need. Woman has ever been at the front of the self-denying philanthropies. Her cool firm hand has ever been laid upon the fevered brow of humanity. When armies of embattled men have sought to destroy each other, it has always been her Christly errand to follow in the wake of the destroyers to salvage whatever she could of the human wreckage whether friend or foe."

"What bitter hurt man, the soldier, has sought to do to his fellow man woman the nurse with finer devotion and courage has sought to undo. History records her, in the errands of saving life, as quite as vital a force as the great captains of destroying hosts, a Florence Nightingale, a Clara Barton and a thousand times a thousand others under the significant sign of the cross stained in sacrificial blood, stand out as the saviors of men. And as in war, so in peace, the ministry of woman has always been a ministry of mercy."

Life's Demands. "Young ladies of '20. These are the things we expect of you. I have given you no advice. I have in plain unvarnished words put before you the simple, legitimate demands life makes upon you. You are daughters of privilege. American women, American college women. But the reverse side of privilege is obligation. Freely ye have received, freely give." She who receiving in full measure is disposed to give but in scant measure or not at all, such an one is a public ingrate and has already failed.

"The whole status of woman has changed and with it the whole field of opportunity and obligation has enlarged. The woman of the past—growing slowly into fullness of personality, met nobly the demands of her day—whether as domestic burden bearer in the homes of the poor—or as pampered but strictly limited social pet in the palaces of nobles and kings. Larger place, and nobler opportunity is yours. Not less loved but more adequately estimated, more widely recognized, with ampler spheres of action open to you, a sorely troubled world lies before you. It looks to you; what shall it have from you? Will you meet your duty and our expectations as your mothers met theirs?"

We have an opening for ten girls; do not phone; apply in person. Supt. Swift & Co. 6t.

### Social Events

#### Missionary Society of Congregational Church

An interesting meeting of the Woman's Missionary society of Congregational church was held in the church parlors Tuesday afternoon. It was the last meeting until autumn and there was a large attendance of members. The society is studying Christian Americanization and by Miss Marion Fairbank. Mrs. F. J. Waddell was the hostess of the afternoon and served dainty refreshments.

#### Woodson Ladies' Aid Met In All Day Meeting

An all day meeting of the Ladies' Aid society of Woodson, Christian church was held at the home of Mrs. Elisha Adams Tuesday. At noon an elegant dinner was served from which the ladies realized the sum of \$13.66. Preliminary plans also were made for the annual chicken fry of the society and the date was set for September 2.

#### Mrs. Robinson Strawn Entertains Strawns Crossing Club.

The Strawns Crossing Womens club met yesterday afternoon at the home of Mrs. Robinson Strawn. There was a good attendance of the members present to enjoy the interesting program which was prepared. The members answered roll call by giving the name of their favorite book and author.

Mrs. Frank Green read a book review, and Mrs. Robbins Strawn read a paper on the "Birth of the United States Navy." Music on the Victrola was also a part of the program.

The hostess served delightful refreshments during the afternoon.

The club will hold its annual picnic on Tuesday, June 15, at the home of Mrs. William Cleary.

#### Golden Rule Club Meeting With Mrs. Lee Leitze.

The Golden Rule club met yesterday afternoon at the home of Mrs. Lee Leitze, 927 South Clay avenue. There was a large attendance of the members and two more were added to the list of members, they were, Mrs. Bell Seymour and Mrs. John Hughtett.

After the business session the hostesses served refreshments. The hostesses were, Mrs. Lee Leitze, Mrs. W. M. Farrington, and Mrs. Logan Sargent.

#### Reception Followed Commencement Exercises

Following the commencement services at Centenary church Dr. and Mrs. Barker, Dr. T. J. Riter, Bishop William F. Oldham, and the graduating class received their friends and relatives in a reception in the Reception Hall at the college. One of the interesting things about this commencement was that twenty-one of the twenty-four graduates had their parents or immediate relatives present as guests.

At 1 o'clock the gathering proceeded to the dining rooms where a luncheon was served for

the students, graduates, faculty and friends of the college.

#### Queen Esther Circle Gave Program

The Queen Esther circle of Centenary church held a regular monthly meeting Tuesday night. It was preceded by a picnic lunch, which was very much enjoyed. The following program was carried out:

Hymn, "Still Sweeter Every Day."

Scripture lesson. Prayer. Minutes of preceding meeting. Lesson study.

An election of officers was held, resulting as follows: President—Garneda Phelps. Vice-president—Eunice Harle. Secretary—Vivian Skinner. Treasurer—Clara Smith. Mite box secretary—Dorothy Staff.

Pianists—Ruth Dorwart, Ruth Wilkison. Editor—Helen Ferreira.

At the business session plans were arranged for the market, to be held at Dorwart's next Saturday. Some plans were made for an open meeting, which will be held the latter part of this month.

#### Buck-Andre Wedding Party At Colonial Inn.

Very handsome were all the appointments for the bridal dinner given Tuesday night at Colonial Inn for the Buck-Andre wedding party. The rooms of the Inn at the disposal of the guests had been decorated and the dining room was especially beautiful. The table centerpiece was of pink and white roses with simiax stretching to each plate. The place cards were in bridesmaid design and at each place was a pink satin slipper filled with rice. Then there were pink roses sprinkled with silver confetti and another favor showed cupid's drawing dainty bon bon boxes.

The dinner service which Mr. and Mrs. Vickery had arranged was perfect in every detail and it was one of the most notable pre-nuptial events ever given at the Inn.

The company included Mr. and Mrs. G. B. Andre, Miss Andre, Miss Beulah McMurphy, Miss Florence Leonard Masters, Miss Mayfield, Miss Helen A. Ott, Mr. and Mrs. George Orear, Miss Buck, Springfield, Mr. Frederick L. Buck, Mr. Connelley, Mr. Lynd, Mr. Smith, Springfield; Dick Reynolds, Denham Harney and LeFont Andrews, Jr.

OPERATING REVENUE OF BURLINGTON INCREASES.

Chicago, June 1.—Due chiefly to a large increase in passenger revenue the operating revenue of the Chicago, Burlington & Quincy railroad in 1919 was \$9,838,668.33 greater than in 1918, according to the annual report of President Hale Holden today. Operating expenses were \$8,603,823.48 greater in 1919 than in 1918.

### DECORATION DAY ODE.

The following lines are furnished the Journal by Allan W. Jacobs, adjutant of the local post of the American Legion:

From Eastern hills to Western plain The silent hosts entrain, To cheer you valiant now who tread, In living memory of the dead.

Fair Dixie rallies to the call, For he shall not forgotten fall Who dies that such a faith may live

Which bids the soldier all to give, United shall they march today Once foemen in the blue and grey Who in the khaki of their son Have found their causes are as one.

## G. O. P. Convention Snap-Shots

The Story of 16 Nominations

By A. H. Vandenberg

### FOURTEENTH CONVENTION

The fourteenth Republican National Convention again went to Chicago and met June 16, 1908. Roosevelt had announced to the country on the night of his election in November, 1904, that he would not be a candidate to succeed himself. Theoretically, this left an open field.

But actually, the fact that President Roosevelt favored his Secretary of War for the succession, gave William Howard Taft of Ohio a vantage which presaged the inevitable result. This assurance was in no degree lessened by the fact that Frank H. Hitchcock undertook the management of Taft's campaign.

Senator Julius C. Burrows of Michigan was temporary chairman, and Senator Henry Cabot Lodge of Massachusetts was permanent chairman. In the midst of Lodge's address, eloquent reference to Roosevelt started a demonstration which lasted the greater part of an hour, undoubtedly intended to stampede the convention in his favor.

But one roll call ultimately sufficed to settle the issue, for on that roll call Taft received 702 out of a total of 979. His nearest competitors were Senator Knox of Pennsylvania, with 48 Governor Hughes of New York, with 67, and Speaker Cannon, with 58. Fairbanks received 40 votes Sen-

## The Best Shoe

### For the Money

Your head works better when you keep cool; so will your feet in oxfords during the hot days coming. If it is a young man's shoe, we have the style and shape just to their liking. More moderate shapes for the more conservative dressers. A shape for every taste. When you put your feet in these oxfords, you get the greatest shoe value offered in this town. They are Walkovers, thoroughly made inside and outside, from toe to heel, from top to sole.

### VISITING OLD CLASSMATE

Rev. J. C. Handy, pastor of University Methodist church in St. Louis, was in the city yesterday, the guest of John M. Rule. Mr. Handy had been in Carrollton to deliver the address to the high school graduating class and took the opportunity of coming to Jacksonville for a brief visit with Mr. Rule. They were classmates during their college days.

O. Williamson of Barry accompanied Rev. Mr. Handy and also spent the day in the city.

### COMING FROM SOUTH AMERICA.

Editor Journal: By the kindness of Dr. Harker and the Illinois Woman's College, two young women from South America will be participants of the hospitality of the school in 1920-21. Senorita Marie Perla of Cali, Colombia, is a young lady of considerable education in Spanish. She speaks that language with distinction and has fine literary gifts. Several magazines, both in Chile and Colombia, are open to her and she writes widely on many subjects. She has taught Spanish in the Santiago Woman's college and comes to Jacksonville to continue her studies in English and to become familiar with our northern habits of thought and life.

The younger, Miss Sarah Jones, is of Welsh extraction but a Chilean by birth, and like all Chileans, is passionately devoted to her own country. She is a graduate of the Santiago Girls' school and is deeply trusted by all who know her.

I bespeak for both of these young ladies the warmest welcome. They will be lonely, and yet will be in the way of receiving impressions and such developments of Christian truth as will serve us greatly on their return to work amongst us in the wide lands of South America.

William F. Oldham.  
Ladies of Literberry Christian church will serve their annual chicken supper on Thursday, June 3rd. All welcome.

### VISITOR FROM WASHINGTON

Otto Gray of Everett, Washington, is visiting at the home of his grandparents, Mr. and Mrs. Otto May, on West State street. This is his first visit in fifteen years to this city.

## DR. HARKER'S ANNUAL REPORT AS PRESIDENT OF ILLINOIS WOMAN'S COLLEGE

That we were entering on a work that would last from June 1, 1893, to June 1, 1920, twenty-seven years, would have seemed incredible, almost impossible, as we stood with President Short and the Alumnae and friends of the Woman's College, at the earlier date mentioned, and in fear and much misgiving assumed the new and untested responsibilities of the presidency of the institution. No one would have ventured to predict so extended an administration. There had been six presidents in forty-five years. The first five administrations taken together totaled twenty-seven years. Dr. Short's administration of eighteen years seemed to have set a term impossible to exceed. It is only because we have obtained help from God, that we have continued to this day.

Here we raise our Ebenezer, Hither by God's help we've come, and we express our thanks to Him for the wonderful way in which He has led us, and for the opportunity of these twenty-seven years of continued service.

**Continued College Advance.** Two years ago, at the close of the twenty-fifth year, the growth of the college was summarized showing an advance from a valuation of \$70,000 in 1893 to a valuation of \$700,000 in 1918, an average of \$25,000 a year for the entire period of twenty-five years. Although in the last two years, because of the war, and of the unsettled business conditions of the country, there has been no special campaign for endowment and equipment increase, the average annual advance has been more than maintained, and the assets at present are \$750,000.

The year now closing has been most satisfactory in many respects. We may mention the passing of the preparatory department, the increase of college students, the larger recognition of high collegiate standing in every department, the increasing interest of students and friends as shown by gifts for current expenses and for endowment, and especially in the very last days, the magnificent gift of the general education board.

**The Passing of the Academy.** This is the first year in the entire history of the college in which there are no academy students. The students are all college taken high rank, as one of the yet comparatively few colleges in Illinois without any academy classes. Since this is a goal toward which all colleges are earnestly striving, it is a high honor that the young college of all the twenty-five in the state, taking full college rank only in 1908, should in twelve years surpass more than half of these colleges in this regard, some of them having been colleges nearly one hundred years.

**New Trustees.** I am pleased to announce the appointment of Mr. Harry M. Andre as a member of the board of trustees. Mr. Andre is one of Jacksonville's successful business men, of sterling Christian character, of fine ability and tested judgment. He will be a valuable addition to the board.

**The Faculty.** The college has reason to be proud of its faculty, a body of instructors of high scholarly attainments and fine teaching ability, thoroughly devoted to their work. In one respect especially the college ranks high with regard to its faculty, and that is, in the number of teachers in proportion to the number of students. We have a total faculty of 33, and in the liberal arts department, for the 218 college students enrolled, we have 21 teachers. In this respect we stand very near the top among the colleges of Illinois. Several of the colleges of the state with as large an enrollment of students, have only from one-half to two thirds the number of instructors.

The salaries of our teachers, in

common with that of teachers everywhere, have been altogether inadequate, but they have given themselves in full measure to the college and the students, with no reservation because of inadequate remuneration. I have genuine pleasure to report, that two weeks ago the faculty committee met, and in spite of the fact that they could not see where the funds could be secured, they voted to recommend to the trustees that the salary budget for the year be increased by at least \$10,000, making possible an average advance of thirty-six per cent. This action was approved yesterday by the board of trustees, and will make possible increases of from \$175 to \$400 in individual salaries. The board sincerely hopes that the teachers will appreciate this action as showing that it is their desire to do everything possible, and to more than share with them all that the college receives. The day is surely coming of the more adequate recognition of the work and worth of the teacher, and I personally hope and believe that this is just a beginning, and that in another year or two we will be able to show our appreciation in a still more adequate way.

**The Increase in College Students.** The college has similarly passed, in these twelve years, more than half of the colleges of the state in the number of college students enrolled, and in the number of candidates for the bachelor's degree. Beginning with an attendance of nineteen college students in 1909, it has increased steadily every year to a present attendance of 218. Beginning by granting two bachelor's degrees in 1909, it has this year twenty-five candidates to present.

**Recognition of High Colleague Standing.** The college is fully recognized everywhere as a standard college of the highest grade. This is shown in many ways, but especially by the following:

a. It is listed in the annual report of the North Central association of colleges among the colleges and universities meeting the highest academic standards.

b. It is listed in the reports of the Methodist Episcopal board of education among the colleges which meet or more than meet all the requirements of the university senate.

c. The University of Illinois has a standing committee on admissions from higher institutions. This committee by personal inspection and otherwise, satisfies itself with regard to the academic standing of the colleges of Illinois. The colleges are listed as Class A, Class B, Class C, etc. The institutions listed as Class A, are those which meet in full all the criteria of a standard college.

In a letter received April 9, 1920, from the registrar of the University of Illinois, the following statement is made: "I am very glad to say that Illinois Woman's college is listed in Class A—the first class, by the University of Illinois, and that we allow full hour for hour credit for work taken at your institution in cases of students transferring to the university with advanced undergraduate standing. I am likewise glad to report that graduates of your institution are admitted to our graduate school with full standing and as candidates for the Master's Degree in one year—the minimum residence requirement for this degree."

**The Special Departments.** The high standard is not alone in the regular liberal arts work, but in every department of the college. The art school has similar recognition among the standard Art Schools of the country and the work of the expression department is accorded everywhere with full credit. The department of home economics is recognized as one of the best equipped in the Middle West and is beginning to be visited by representatives of other colleges desirous of bringing up their standards in this department of college work now coming to be recognized as of prime importance in the education of women.

**Current Gifts and Improvements.** The year has been specially marked by many and generous current gifts and special improvements. It began by a gift from the Sebring Pottery Company of Sebring, Ohio, secured through the good offices of Trustee James E. MacMurray, of a complete new equipment of table ware for the dining room, worth more than \$700. It has included generous gifts from Mr. and Mrs. MacMurray, Dr. C. E. Welch, W. D. Rankin, C. J. Shaffer, E. Illiff, C. C. Grimmett, the Board of Education of the Methodist church, and others, all of whom are listed in the financial report. These gifts have made possible an almost complete recarpeting of the halls of the college, the refurnishing of the dining room and kitchen, and the putting in of about twenty new hardwood floors. Considerable additions

have been made to the laboratories and the library.

**For Special Gifts.** I have unusual pleasure in announcing four special gifts, that make possible some greatly needed advances.

One is a gift of \$2,500, available as a special fund to assist the teachers in all departments. It will be appropriated as follows:

1. \$50 will be given to help pay the expenses of any teacher who spends a term of six weeks or more in summer study at some university or special school.

2. At least \$50 will be paid to each teacher for books or special equipment in the respective departments. Part of this amount may be used by the teacher for expenses in attending educational conventions or meetings for information inspiration and extended acquaintance.

This generous gift will prove most profitable for college advance, and the donor has our sincerest appreciation.

Another is a gift of a friend greatly interested in the religious life and outcome of the college. We have for many years held a department of Bible and Religious education, under the able instruction of Miss Neville. At her own request Miss Neville is now transferred to the department of English, as professor of the English language and literature. This friend proposes to pay the entire salary of the new teacher in the department of Bible and religious education, and to enlarge its scope to include the organization and direction of the religious life and activities of every member of the college community.

The third is another generous gift of \$4,000 from Dr. David Strawn, to be used in the further equipment of the library.

The fourth is the magnificent gift of the general education board. Last Christmas Mr. Rockefeller gave to the general education fifty million dollars to be distributed among the standard colleges of the country to make possible more adequate salaries for teachers. Since then the board has been making a careful study of the work of colleges and their needs. What they have decided as to the Illinois Woman's college is indicated in a telegram recently received that they have apportioned the magnificent sum of one hundred thirty thousand dollars toward a total endowment of four hundred thousand, and that for next year they will make a grant for current expenses of \$75,000 and \$6,000 for the year following.

Three years ago, in 1917, we had a total property and endowment valuation of \$600,000. We decided that by 1921, the 75th anniversary of the founding of the college, we would advance it to \$1,000,000. Since then we have added \$122,500, making a total today of \$722,500. We now add the \$133,000 promised by the general education board, and make the grand total of \$855,500, leaving less than \$155,000 to secure in the coming year.

**RETURNS FROM TRIP**

**TO WASHINGTON**  
George L. Riggs, county clerk, has returned from Washington, D. C., where he went to attend the thirteenth annual convention of weights and measures held by the bureau of standards. This was said to be the most largely attended of all the conventions held by the bureau and matters of definite importance to the public were considered.

The county clerks were present from all parts of the country as by virtue of the offices they hold they have jurisdiction over weights and measures.

In addition to attending the sessions of the conference Mr. Riggs attended sessions of the house and senate. He heard Senator Sherman and Senator Lenroot make addresses. At the banquet at the Raleigh where Mr. Riggs was one of the company Congressman Cannon and Senator Lenroot were the principal speakers. Various places were visited by the Jacksonville man and he greatly enjoyed the trip.

**FINE FRUIT PROSPECTS.**  
Fred DeFries has recently returned from a visit with Isaac Brown of Patterson, eight miles west of Roodhouse. Mr. DeFries says the prospects for fruit in that part of Greene county are immense. Especially peaches, strawberries and almost all kinds of small fruits promise abundant yields.

**A PLEASANT GATHERING.**  
Yesterday at the home of Mrs. Sarah Whalen on South Clay avenue, there was a pleasant gathering of friends. They were Mrs. Sarah Hovey of Springfield, and Thomas Casey and family of the South part of the county.

# WALLIS

## America's Foremost Tractor

Even the women folks are favorably disposed towards the Wallis. Its mechanical beauties are protected from the dust and rain. The Wallis is faithful and reliable. It also cuts down labor cost. And the way it increases the family budget are material facts that they readily appreciate.

Many a Wallis owner has "put it up to his wife" for a final approval, before the order was signed. Many, many times the wife has counseled the purchase of the Wallis.

It is not uncommon to hear a Wallis owner express himself like this: "The only attention I give my Wallis is to give it plenty of gasoline, water and oil, yet it goes hour after hour, day after day, with that same sweet powerful hum. Each morning it is ready. Each night finds it with no appearance of fatigue. I am glad I took my wife's advice and bought the Wallis tractor."

If you want to be sure of getting a Wallis Tractor before harvest time, and the long hot sultry days come, get in touch with us at once. Come in and let us tell you all about this Tractor.

We also have the celebrated "Hood" and "Brunswick" casings and tubes, motor oils, gasoline, automobile accessories.

Come here with your car troubles. Let our expert mechanic do the rest, while you rest in our pleasant waiting room.

### BLUFF HOUSEHOLD SCIENCE CLUB TO MEET

Open Meeting to Be Held This Afternoon—Mrs. C. M. Ritter Entertains Friends—Other Bluffs Items of Interest.

Bluffs, May 31.—The Household Science club will hold an open meeting at the hall Tuesday afternoon at 3 o'clock. Each member is requested to invite one guest. On Tuesday evening, June 8, the annual banquet will be held in the church basement. A six o'clock dinner will be served to the club members and their families.

Mrs. C. M. Ritter entertained a number of friends at her home Friday evening in honor of her comrade teacher and friend, Miss Blanch Hinthorn, of Bloomington, who has been the guest of friends for the past two weeks.

Mrs. Fenton Robinson and daughters, Ruth and Margaret, and son, Raymond, left Sunday for a visit with relatives in Clayton.

Arthur Northrup, Jr., the 7-year-old son of Mr. and Mrs. Arthur Northrup, who has been seriously ill for the past few days, is convalescing.

Memorial services under the direction of the boys of the "American Legion" were held at the opera house Sunday afternoon. Appropriate readings and songs preceded the address, "Our Fallen Heroes," which was ably delivered by the Rev. E. D. Palmer, assisted by Rev. E. J. Rees.

The boys in uniform marched to the cemetery, where they had full charge of the beautifully impressive service held there. The boys certainly deserve much credit and praise for the manner in which they conducted the service. They also went over to Exeter and Naples, where they placed flags upon the soldier dead in those cemeteries.

Mrs. Charles Howard of Jacksonville and Mrs. Charles Whipple of Decatur attended Memorial services in Bluffs Sunday.

Misses Beatrice Borum and Helen Lohrenscheider of Springfield are guests of relatives in town.

Mrs. S. M. Carver, adult teacher of the Methodist Episcopal Sunday school entertained the members of her class at her home Friday afternoon. Sixteen were present and a most delightful time spent.

While the men were in the minority they were loud in their praise of Mrs. Carver as hostess.

### STOCK SHIPPERS PLAN SESSIONS

Will Meet Soon in Offices of Illinois Agricultural Association. Representatives of farmers' co-operative shipping associations from all parts of the state will meet together at the offices of the Illinois Agricultural Association, Chicago, June 14. Prof. H. W. Mumford, director of livestock marketing department is calling this meeting for the purpose of centering the efforts of cattle shippers in all these local associations on the big problems of train schedules, zoning system of shipping and farmers' commission company and representatives at the Chicago and St. Louis yards.

Co-operative shipping associations are organizing so fast it is hard to keep up with them. There are over 125 in the state, scattered from Union county in the south to Stephenson in the north. LaSalle county has the most, about 20. Rock Island has nine and McDonough eight. The principle of the shipping association is for the farmers to ship their own stock to market in the place of selling it to a local buyer. A dozen farmers often contribute to one carload shipment. The association employs a manager who keeps in touch with men who have stock to ship, getting cars, market conditions and all other work of shipping. The cost is pro-rated to the shippers according to the amount of stock shipped.

Since March 4, 45 cars have been shipped co-operatively in Lee county. The average cost of shipping hogs has been 53 cents per hundred, which includes insurance. Farmers can determine the value of the association by comparing this cost to the margin the stock buyer buys on. Adams, Mason, Lee and Warren counties have county shipping associations with shipping facilities at all shipping points in the county.

Some topics for discussion at the Chicago meeting are as follows: Changes in train schedules which will eliminate present difficulties. The present zoning system and its effects on the feeder. Representatives of the Illinois Agricultural Association at the Chicago and St. Louis yards and their relations to the shipping associations. Uniformity in records and accounting of shipping association managers. Livestock reports of the bureau of markets. Farmers' livestock commission companies.

will be done under the supervision of John C. Buckley, special representative of the Clark Jewel Stove Co., on a stove equipped with the wonderful "Lorain" heat regulator. We want you to see this Cooking and Baking done.

Lovely as your cooking is you want to cook better! Of course you want to cook an easier way. Here is the way to do both!

Get a CLARK JEWEL Gas Range equipped with the "LORAIN" Oven Heat Regulator. With this wonderful invention your cooking will ALWAYS be delicious. Your regular bakings will be beautifully perfect. And your dinners cooked at one time in the oven and watched by "LORAIN" makes every afternoon free.

With the "LORAIN" there is absolutely no guesswork. You measure your heat as exactly as you do your flour and sugar. You set the wheel at the proper temperature and the heat never varies. Your results never vary. You have no "unlucky" days.

**CLARK  
JEWEL**

And, too, you cook your whole meal in the oven at one time. No tiring hours watching and stirring your foods. Put your meal in the oven, set the wheel—then leave the house for an afternoon of recreation or shopping. You know just when your dinner will be done. While you are gone the "LORAIN" watches your cooking for you.

This wonderful invention on the CLARK JEWEL Range is now being demonstrated here. Come in and learn for yourself the marvelous accomplishments and conveniences the "LORAIN" brings to you. Also be sure and get our FREE booklet, "An Easier Day's Work." Every woman should have one.

**Watch for Further Announcements**

## A Favorite Model of the New Series Marmon 34

With the present popularity of the close-coupled touring car of limited passenger capacity, this 4-passenger, 4-door body of the New Series Marmon 34 is proving an especial favorite.

Compactness has been attained without any sacrifice of roominess and comfort. The body sides are slightly lower than in the 7-passenger touring car, and the steering wheel is set at a trifle more of an angle. Passengers are about at conversational height with a person standing beside the car.

The exceptional smoothness of operation and the remarkable road qualities of the New Series Marmon 34 are as noticeable in this as in all other models. They are the result of basic superiority of design, of advanced engineering and of the extreme accuracy of manufacturing which characterizes the High Efficiency Motor. Really to appreciate them, you must ride in the car, or better still, drive it. We shall be glad to arrange for a demonstration.

### MEMORIAL SERVICES HELD AT MANCHESTER

H. H. Bancroft of Jacksonville Delivers Decoration Day Address—Mrs. J. M. Thomas Sells Household Goods—Other News Notes.

Manchester, June 1.—Decorations day was fittingly observed Sunday afternoon, by services held in the park. Appropriate music was furnished by the Merritt band. The Civil war veterans and veterans of the late war together with a company of children carrying flowers, accompanied by the band, marched to the cemetery, where the soldiers' graves were decorated. They returned to the park where services were conducted. H. H. Bancroft of Jacksonville delivered the address. He proved a most able speaker and his address was very interesting and inspiring. A choir sang songs in keeping with the occasion, "The Star Spangled Banner," "Just Before the Battle Mother," and "America."

Miss Rena Owens of Chicago is visiting her mother, Mrs. Ida Langford.

E. L. Maine spent the week-end at the home of his daughter, Mr. and Mrs. Wilbur Coultas and family in Moline.

Mrs. Rose Wells returned to her home in St. Louis Monday after spending several days with her mother, Mrs. J. M. Thomas.

Miss Mary Curtis of Jacksonville spent Sunday with her mother, Mrs. Ella Curtis.

Miss Helen Ellington was the guest of relatives near Jersey-

### RAIN YESTERDAY MORNING

A great deal of thunder was heard early yesterday morning but fortunately no rain fell in the city nor in several directions from it. M. E. Kumble of the vicinity of New Berlin was in the city and said between 3:10 and 5:00 a. m. there was a regular cloud burst in his neighborhood. He said a creek on his place was three feet below the top of the bank the night before and yesterday morning it was out of its banks and 100 feet wide. Water gaps were washed out and a vast amount of damage done. The rain was also reported heavy in the vicinity of Franklin and some other places. West and south there seemed to be none and the wise ones say that the irregular showers presage a letting up of the wet spell.

Miss Enid Hubbs of Prentice was added to the list of lady arrivals in the city yesterday.

### LARGE MASONIC GATHERING

Monday was a red letter day in the annals of Harmony Lodge No. 3 A. F. & A. Masons. There was much important work which attracted notable visitors from many places including Greenfield, Virginia, Roodhouse, Beardstown, Winchester, Meredosia, Concord, Lynnville, Franklin, Murrayville, Woodson and Alexander.

At the end of the formal part of the program refreshments were served and a number of toasts proposed calling forth rejoinders which were highly enjoyable.

Jesse Decker made a business trip from Virginia to the city yesterday.

## "Even a professor can learn"

THE PROFESSOR dropped in.

LAST NIGHT and said.

HE HAD a puzzle.

YOU KNOW he speaks.

FIFTY SEVEN kinds.

OF HIGHBROW talk.

BUT HE'D just heard.

TWO FELLOWS talking.

SOMETHING LIKE this.

"HERE'S THE real cheese.

ON THE kind of butt.

FOR STEADY stuff."

"SPILL IT," said the other.

SO THE first one said.

"IT'S GOT the goods.

AND PEP and all.

JUST TOUCH one off.

AND YOU'LL be living.

THE LIFE of Reilly.

I FELL for it, and gee.

I'M JAKE for keeps.

AND SITTING on the world."

AND THE second one said.

"JUST CLIP us one.

FOR THE double-O."

AND THAT was all.

I LAUGHED and pointed.

OUT THE window.

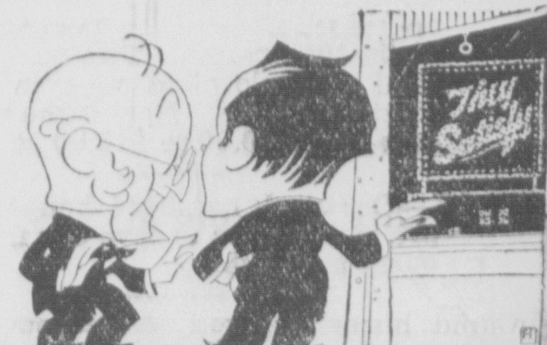

AND THE prof read.

THE ELECTRIC sign.

AND HE was on.

THE SIGN just said.

"THEY SATISFY."

THERE may be a hundred other ways to say it, but in good plain United States, it's "they satisfy." Those fine Turkish and Domestic tobaccos and that can't-be-copied Chesterfield blend put Chesterfields where none can touch them for quality and value.

## Why a Majority of the Smaller Cars Come on Goodyear Tires

Last year more cars using 30x3, 30x3½, or 31x4-inch tires were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these tires for the smaller cars by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure  
Fabric, All-Weather Tread..... \$23.50

30x3½ Goodyear Single-Cure  
Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-tight proof bag..... \$4.50

## "Simoniz"

Makes the Old Car Look Like New!

Positively produces most wonderful results.

Cars Stay Bright when Simonized.

SIMONIZ is not a Paint or Varnish, but a pure vegetable compound. When applied it provides a hard dry velvet veneer or coating over the surface that protects and keeps rain, mud, dust and other destructive elements from reaching the finish. Mud splashes and dust when dry can be wiped off the Simoniz without injury.

SIMONS KLEENER is a neutral compound that removes all stains, scums and dullness and prepares the paint or varnish for the Simoniz. Kleener need not be used on a new clean surface.

The Simonized Surface Requires no Washing

ALUMNI SOCIETY ILLINOIS COLLEGE

By Ensley Moore

(Member Illinois State Historical Society)

As is well known, Illinois College began its active, beneficent existence Jan. 4, 1830, Rev. J. M. Sturtevant being the instructor, and nine boys appearing as students.

The first commencement, at which anyone was graduated was that of 1835, although literary exercises had been held several times before.

The first graduates were, Thos. E. Spillman and Richard Yates. The first became a Presbyterian minister and the second was War Governor of Illinois and United States Senator from this state from 1865 to 1871.

Commencements with graduates were held every year since 1835, except in 1863, when there were no candidates for sheepskins, owing to the war.

### AN ALUMNI SOCIETY

was soon felt to be a necessity to the budding educational institution and the record shows that: "At a meeting of the Alumni of Illinois College, held at the office of Richard Yates, Esq., on the 19th of September, 1839, Richard Yates was called to the chair and Joseph N. Porter was appointed Secretary. The object of the meeting was made known by Mr. Chairman and, on motion of Mr. Blood it was Resolved, that this meeting appoint two persons, each with an alternate, to propose an oration and poem before the Alumni, on Thursday evening after the next annual commencement of Illinois College." T. E. Spillman, Esq., was appointed to deliver the oration, and R. Yates his alternate; R. Mears to deliver a poem, and Robt. W. Patterson his alternate.

On motion of J. P. Stewart a committee of three were chosen to make arrangements for the occasion, consisting of Messrs. Patterson, Blood and Goudy and on motion the chairman was added to the committee. A committee was appointed to purchase a blank book for keeping the record of the association and the names, residence, etc., of the Alumni, to be left in keeping of the chairman. On motion the meeting adjourned.

"In 1840 Richard Yates was chosen President of the association, and Calvin Goudy secretary, for the ensuing year. J. Park Stewart was chosen orator, and A. M. Dixon alternate; R. Goudy, poet, and J. Chandler alternate. On motion of Mr. Blood it was ordered that the meeting of the Alumni be hereafter opened with prayer."

Thus was initiated what was probably the first such socio-literary organization, which is still maintained in this state.

### THE FIRST NECROLOGICAL RECORD

was made in 1842, being that of Robt. Goudy, (Jr.) M. D. No orators had appeared until 1842, when Rev. C. E. Blood delivered an address and Rev. Rollin Mears a poem, in the Methodist Episcopal church.

In 1845, the day of meeting, was changed to the day before Commencement, and it was decided to have a vice president. The committee was ordered to provide an annual dinner, at which each member should offer a sentiment. The appointment of Prof. J. M. Sturtevant as President of the college was endorsed.

For various reasons three or four years have passed without meeting or literary exercises of the association, but these have been exceptional, as stated.

**OFFICERS OF THE SOCIETY**  
The following members of the brotherhood have been its officers, so far as can be traced:

Presidents, Richard Yates, six times, M. P. Ayers, four times, Samuel Willard, six times; Wm. Coffin and Cyrus Epler, once, and C. E. Blood, twice; Newton Bateman, seven times; Harram K. Jones, eighteen times; E. P. Kirby, eight times, and A. T. Capps, thirteen times.

Vice-Presidents, Wm. Coffin, W. C. Carter, J. B. Shaw, R. S. Kendall, Chas. Barton, John D. Strong, A. T. Capps, one time each; M. P. Ayers, Cyrus Epler, Jas. G. Russell, John S. Stevens, Geo. L. Merrill, J. R. Morrison, twice each; W. H. Stevenson and Carl E. Epler, three times each; Jas. W. English, J. M. Sturtevant, Jr., and Edward L. McDonald, four times each; A. C. Matthews, six times; H. K. Jones, nine times, and Hugh M. Wilson, thirteen times.

Secretary and treasurers, Jos. N. Porter, Calvin Goudy, W. P. Bradley, Rollin Mears, W. H. Starr, J. B. Shaw, H. N. Kirby, Geo. L. Merrill, once each; A. L. Harrington, twice; Jas. W. English, and E. A. Tanner, three times each; E. P. Kirby, Thos. W. Smith and H. M. Capps, five times each; M. P. Ayers, six times; A. D. Fairbank, nine times, and Ensley Moore twenty-four times.

**FEES AND TRUSTEES**  
At first the annual membership fee was fifty cents, but, for many years past it has been one dollar.

The Trustees of the College, in 1875, invited the Alumni to nominate one man annually for Alumni Trustee, the same to be elected as such by the College Trustees; and the association accepted the offer, and has since chosen trustees annually under this plan. Mr. Julius E. Strawn was first chosen in 1876.

**LITERARY EXERCISES**  
were held, for some years, annually, by the Alumni, Sigma P and Phi Alpha societies, but, in 1877, these exercises were changed to triennial occasions. These meetings were at first held on Tuesday of Commencement Week, but the time was changed to Wednesday, in 1877. Since about 1890 they have been held on Tuesday again. Latterly the

literary societies seem not to have held such annual literary meets.

### NECROLOGICAL LISTS

One of the sad, but interesting features of the Alumni annual meetings is the reports of the Secretary, of those who have passed on.

This is also a very valuable record on many accounts, and relatives of the Alumni ought always promptly to notify the Secretary of the Alumni Society of Illinois College of the passing of graduates.

### A LONG GOOD STORY

The history of the Alumni of Illinois College is a long, good story, one replete with honorable, honored and distinguished names. Names, many bearers of which have done great or good service for the state, the country and the World; for God and for Humanity.

**The Oldest Living Alumni** is the Rev. George W. Harlan, of the class of 1846.

Mr. Harlan now resides at Farmington, Missouri.

## STOCK DEALINGS ON EXCHANGE LIGHT

NEW YORK, June 1.—Stocks were alternately heavy to weak in today's lethargic session, further selling of the more volatile issues by professional interests being impelled by adverse happenings over the double holiday.

The higher rates of discount imposed by the local federal reserve bank as well as by branches in the middle west were supplemented by statements from officials of the main institution directing renewed attention to unsatisfactory credit conditions. Emphasis was laid on the failure of production in some more essential lines of industry to catch up with consumption and adoption by the lower house of the cash bonus bill occasioned much unfavorable comment.

Leading stocks opened at losses of 1 to 2 points, those being extended before noon. Steels, equipments, motors and oils suffered greatest depreciation, but sugars, tobaccos, leathers, chemicals and shippings also gave way. Liberty bonds were under almost continuous pressure, the second four showing pronounced weakness, though recovering slightly at the end. The general list was irregular at moderate reactions. Total sales (par value) aggregated \$12,375,000.

### OHIO MAN VISITS FRIENDS IN CONCORD

Andrew J. Vallery of Rose County, Ohio, Finds Many Changes in Home of Younger Days.

Concord, June 1.—The Journal reporter received a pleasant call on Friday from an old friend, Andrew J. Vallery of Rose county, Ohio. Mr. Vallery spent some time here away back in 1877 and 1878, when a young man. His sister, Mrs. John Hoover lived next door neighbor to us and "Andy" worked for my father and other men in the community. He went back home and resided at home until 1883, when he again came back to Concord for awhile. On returning to Ohio he finally married and settled down to farming. After the death of his wife he rented his farm for a few years and finally sold all his holdings and invested his money in U. S. bonds and is now engaged visiting old friends and seeing the country. Jacob Vallery, his brother, came to Morgan county in about 1876, and was later united in marriage to Miss Hattie Brockhouse. They raised a large family, the father passing away some years ago. The widow and one son, Gus, live on the farm north-east of here and A. J. of Ohio, came to visit them. He is to go from here to Canton, Missouri, to visit some cousins named Zahn, then to Kansas City, to see his sister, Mrs. Hoover. Mr. Vallery is a man of ripe experience and good business ability, a man who is a quiet but very entertaining conversationalist and one whom it is a pleasure to meet. He has one daughter married, who is the only child. Mr. Vallery remarked the many changes in and around Concord in the last 37 years. He said that while this is a splendid country, Ohio has badly skinned on good roads. Their schools back there are centralized and the children go to school in cars and other means of travel. Mr. Vallery is only 62 years old and is of a long lived family, his mother lived to be 87. Mr. Vallery lives within 16 miles of Circleville, O., where the great grandfather of your reporter lies buried.

### MUCH NEEDED WORK

For some time the Vandallia road north of Nichols Park has been in bad condition owing to the lack of proper drainage. Mr. Williamson has a force of teams at work completing the fill at the head of the lake and while it is not the duty of the park board to fix the road, its good condition is so necessary to the exit of cars by the east road that the board decided to do it anyway and Supt. Homer was busy at work with a force yesterday. The drainage from the west has been running directly across the road making a boggy place where automobiles stall. Large tile have been placed across the road at the offending place and the wet spot east of the west entrance is also being drained and it is hoped conditions will soon be materially improved in that vicinity and due announcement will be made when automobiles may safely leave the park by the east entrance.

To All Whom It May Concern: You are hereby notified that since my wife, Kathleen McGinnis, is living apart from me, without reasonable cause, I will not be responsible for any debts contracted by her.

James E. McGinnis.

### ENTERTAINED FRIENDS.

Yesterday Dr. and Mrs. H. L. Griswold had the pleasure of entertaining Hon. George Wilson and wife of Quincy. Mrs. Wilson being a sister of Mrs. Griswold. Mrs. Henry Crows of Wooster, Ohio, and Mrs. John Graham of Chicago, sisters of Mr. Wilson.

## Food—the Problem of the Hour

THE need for food has the world in its grip. To produce more food we must depend upon gasoline power on the farm to multiply the efficiency of the man-power available.

The following interesting comparison of man-power vs. machine-power, required per acre is illuminating:

Crop (1 acre)	Man-Hours By Hand	Man-Hours By Machine
Barley	64	4.25
Corn	29	7.70
Cotton	168	79
Hay	21	8.45
Oats	66	4.25
Potatoes	169	38
Rice	62	17
Rye	63	4.25
Wheat	61	4.25

The United States has changed from an agricultural into a semi-industrial nation. Never again will it see the day when 97 percent of its population dwells on farms. Yet the fact remains that the United States must feed itself, and the only way this can be done is through intensive soil cultivation, made possible by automotive machinery.

On the farms of the Middle West the gasoline tractor, truck, and automobile are multiplying the productivity of man-power, and are doing their part in furnishing an adequate supply of food-stuffs.

Throughout this great section the Standard Oil Company (Indiana) has developed a system of distribution which insures the farmer an adequate supply of gasoline and lubricating oils. This system is based upon huge storage depots, fed from three large modern refineries.

Anticipation of possible difficulties is but one of the many burdens the Standard Oil Company (Indiana) assumes in order that consumers of the Middle West may have their wants supplied.
